

Adventure Camp 2026

Week 1 - Space Adventure

Blast Off Into A Universe of Discovery!

During “Space Adventure” week, young explorers embark on an out-of-this-world journey through the wonders of the cosmos! Throughout the week, campers dive into hands-on activities that make space science come alive, from learning about planets, stars, and galaxies to exploring the mysteries of black holes, rockets, and space travel. They’ll design their own missions, simulate astronaut adventures, and participate in interactive experiments that bring the universe right to their fingertips. Campers leave inspired by the vastness of space, excited to explore, and confident in their ability to tackle new challenges.

Week 2 - Go Maryland!

Explore, Discover, Celebrate!

During “Go Maryland!” week, campers will dive into the rich history, culture, and spirit of the Free State! Throughout the week, kids will uncover the stories of Maryland’s heroes, explore its rivers, bays, and waterways, and learn about the traditions, festivals, and sports that make the state one-of-a-kind. Campers will also get to participate in creative projects, team challenges, and engaging experiences that help them connect with Maryland’s culture and community. From hands-on history activities and interactive explorations to field trips that bring learning to life, every day is filled with discovery and adventure.

Week 3 - All About Leadership

Grow, Inspire, Lead!

During “All About Leadership” week, campers will develop the skills to become confident, creative, and compassionate leaders. Throughout the week, kids engage in hands-on activities that build communication, teamwork, problem-solving, and decision-making skills, all while having fun and collaborating with peers. Through interactive challenges, group projects, and real-world scenarios, campers learn how to think critically, inspire others, and navigate challenges with confidence. This week will empower children to discover their strengths, embrace creativity, and develop empathy, setting the foundation for strong leadership skills that extend beyond the summer.

Week 4 - Chef Supreme

Cooking Up Creativity & Fun!

During “Chef Supreme” week, kids step into the kitchen to explore the art, science, and magic of cooking! Throughout the week, campers dive into hands-on culinary adventures, from creating breakfast bonanzas to crafting edible works of art and even hosting their own fancy tea party. Along the way, they learn essential cooking techniques, kitchen safety, meal prep skills, and how to combine flavors and textures to make each dish delicious and unique. Campers will also engage in fun challenges, team cooking projects, and creative experiments that encourage problem-solving, teamwork, and confidence in the kitchen. By the end of the week, children leave inspired, proud of their creations, and excited to continue exploring the culinary world at home.

Week 5 - Future World Changers

Inspiring Innovation, Leadership, and Impact!

During “Future World Changers” week, kids step into the roles of innovators, problem-solvers, and leaders of tomorrow! Throughout the week, campers dive into hands-on activities that encourage creativity, teamwork, and critical thinking. They’ll explore how to protect the planet, help others in meaningful ways, invent solutions to everyday challenges, and discover how even small actions can make a big impact. Campers will participate in exciting projects, collaborative challenges, and imaginative experiments that inspire curiosity and leadership. Along the way, they’ll develop important skills such as empathy, communication, and decision-making while seeing firsthand how their ideas and actions can make a difference.

Week 6 - What's Up Doc?

Healthy Habits, Active Fun, and Big Discoveries!

During “What’s Up Doc?” week, kids dive into the world of health and wellness in a fun, hands-on way! Throughout the week, campers explore the basics of staying healthy, learning about nutrition, fitness, sleep, and what it takes to care for their bodies. They’ll participate in exciting activities that make exercise fun, discover healthy habits through interactive games, and even get a behind-the-scenes look at how doctors and health professionals help people stay well.

Week 7 - CSI Investigation

Crack The Case From Start To Finish!

During “CSI Investigation” week, young detectives dive into the exciting world of crime-solving and forensic science. Throughout the week, campers learn what it takes to investigate a case, from arriving at the scene and working together as a team, to collecting clues, analyzing evidence, and connecting the pieces to uncover the truth. Hands-on activities and interactive challenges allow kids to think like real investigators while sharpening their observation and

reasoning skills. Each day will bring new twists, discoveries, and “aha!” moments as campers will work toward solving epic mysteries.

Week 8 - Art For Everyone!

Create, Explore, and Express!

During “Art For Everyone!” week, creativity takes center stage as campers discover that art can be found everywhere. Throughout the week, kids will explore inspiration from nature, experiment with unique techniques, and transform everyday and recycled materials into imaginative works of art. From playful processes to hands-on projects, every activity encourages self-expression, creativity, and confidence. Let your child dive into a summer bursting with creativity, color, and hands-on art adventures made for everyone.

Week 9 - Young Entrepreneur

Where Big Ideas Become Bright Futures!

During “Young Entrepreneur Camp” week, kids step into the exciting world of business and innovation. Throughout the week, campers brainstorm creative ideas, explore branding and marketing, and learn how businesses are built from the ground up. Through hands-on activities, team projects, and real-world scenarios, children discover what it takes to plan, promote, and launch their own business ideas. Each day campers will build confidence, creativity, and leadership as they learn to problem-solve, communicate ideas, and think like entrepreneurs.
